

Horseshoe Bend School District
Meal Service for Children
March 25, 2020

We will begin free Grab-And-Go meal services on Monday, March 30. This free service will take place Monday-Friday (please note that we will be providing meals on Fridays despite being on a four-day Monday-Thursday normal academic schedule).

A combination breakfast and lunch sack meal will be delivered by a school bus to regular-route bus stops, and will also be available for pick-up at the school cafeteria Monday-Friday from 9-9:30am. Our meal service is limited to one Grab-And-Go meal per student per day, whether delivered by bus or picked-up in person at the cafeteria, and the child must be present. We are basing the number of meals made daily on the responses to our survey sent out last week. If you did not respond to the survey, or you need to change your responses to the survey, please contact Trudy Carpenter at carpentert@hsbschools.org.

Below is the estimated arrival time for each bus stop. Please understand it is an estimate, and the schedule may need to be adjusted based on our experience on March 30.
