

High School Art 1

What?

Artist's will be introduced to a variety of media and techniques of art such as drawing, painting, printmaking, sculpture, etc. The elements and principles of art and design will be studied throughout the course. We will also study a variety of artists and cultures.

How?

This is your studio, everything you do in here will be based on developing the following habits below.

Studio Thinking Framework Eight Habits of Mind	
	Observe Learning to look closely or in a new way to see things that others might not.
Develop Craft Learning to use and care for tools and materials. Practicing and developing skills and techniques.	Reflect Learning to think and talk about your work and the work of others. Learning to judge your own work and the work of others. Examining your own creative process.
Engage & Persist Grabbing hold of an idea and sticking with it.	Stretch & Explore Reaching, taking creative risks, exploring, playing with ideas/materials/techniques and DISCOVERING.
Envision Using imagination, innovation or invention.	Understand Art World Learning about art history and current practice. Learning to work as artists in a community of artists.
Express Learning to create works that communicate an idea, feeling, or personal meaning.
